

To commemorate 75th anniversary of the Victory in WW II, the Union of Russian Radio Amateurs (SRR), is conducting "Victory-75" special on-the-air event in May 2020. Special memorial stations with number "75" in their call signs will be active.

Dates

May 2 (starts at 00.00 UTC) - May 9 (ends at 11.59 UTC)

Modes:

CW
PHONE (SSB, FM, AM)
DIGITAL (RTTY, PSK31, PSK63, FT8, FT4 - counts as one mode)
QSOs made on any mode via amateur satellites

Award requirements:

"Victory-75" award will be issued for QSOs / SWLs made during the above period, on HF (including WARC bands) and VHF/UHF frequencies

VHF/UHF contacts - 5 QSOs/SWLs
HF contacts - 75 points are required

QSOs / SWLs with the same station count on different bands or - if made on the same band - using a different mode

Points:

Stations from Europe - 2 points per contact
Stations from Asia - 5 points per contact
Stations from N.America, S. America, Africa, Australia and Oceania - 15 points per contact

Award

The award (diploma) is issued free of charge, in electronic format. International participants wishing to receive a paper award, must send a request by mail (not email) to SRR, PO Box 88, 119311, Moscow, Russia. Paper awards will be mailed only to national radio societies, but not to individual addresses.

Operators who contacted at least 7 cities will be issued "Victory-75. Hero-Cities" award version

Operators who contacted at least 12 cities will be issued "Victory-75. Cities of Military Glory" award version

Additional award "Victory-75. Peaceful Skies" will be issued to stations that gathered 150 points

How to apply

Awards will be generated automatically, based on logs provided by the special event stations. Free downloadable awards will be published at the SRR website <http://pobeda.srr.ru/>

SWLs need to submit their logs by email to pobeda@srr.ru

All others - submit nothing. Your participation results will be calculated based on the logs submitted daily by all of the special event stations

QSLing:

At their discretion, participating special event stations may issue paper QSLs to all contacts in their logs or respond to incoming cards only
